## STORES SHOW PROGRESS IN BIG PAGEANT

CROWDS ATTRACTED BY THE  
DISPLAYS IN MER-  
CHANTS' WINDOWS

## ANTIQUES EXHIBITED

Old Watches, Jewelry, Phono-  
graphs, Stoves, Victrolas  
And Movies Shown

Downtown store windows last evening held all the attractions of New England curio shops and drew large crowds which derived considerable pleasure comparing the wares of yesterday with those of 1930. The merchants are cooperating in the exhibition as part of the pageant of progress put on by the Public Theatres of Kankakee under the management of H. E. Webster.

The Public Theatres will award \$100 in cash prizes for the best decorated windows during the pageant of progress. The judges will inspect all windows this evening. The judges are a committee selected by the Chamber of Commerce.

Rare jewelry, its beauty enhanced by age, is contrasted with the modern in several windows. Considerable amusement is afforded by the contrasts in clothing for as short a span as ten years ago.

**Largest Display**  
The largest and most interesting display found by a Republican reporter last evening was the window of Speicher Brothers' jewelry store at 127 South Schuyler avenue. It includes four dazzling diamonds worth \$20,000 depicting the new and old style of cutting diamonds. Two of the stones are emerald-cut and two are Marquise-cut.

Among the articles displayed in the Speicher window by local residents are: A lantern lighted by a tallow candle, used 139 years ago by the grandfather of T. E. Caron; pair of ebony bracelets and bar pin purchased in New York City in 1790 and given to Mrs. George Menard by her great-grandfather; a 200-year-old watch weighing one pound which loudly strikes the hour; a cut glass liquor set brought from France 175 years ago by the Pallard family with a hand inlaid mahogany case and now owned by Mrs. U. A. Bedard; a hand wrought sterling silver tablespoon and berry spoon brought from France 175 years ago by the great-great-grandfather of Mrs. Rudolph Drollet; a clock owned by A. Benjamin, 196 North Schuyler avenue, which was purchased by John Metzler at Kingston, Canada, Nov. 15, 1809; a clay cup used by the Indians in abutting Kankakee 100 years ago; an oil lamp of 75 years ago; water and sand boxes used by a member of the Michigan legislature in 1854; an ink well and quill pen of 100 years ago; a seal ring once worn by the maharajah of India 125 years ago and now in the possession of Mrs. George Menard; a ticket for the Independence ball in the Arma Hotel dated July 3, 1868; 75-

## AMERICAN DELEGATES BACK HOME

ARMS CONFERENCE REPRESENTATIVES ARRIVE ON  
THE LEVIATHAN

GREETED BY 5,000

Ambassador Morrow Gives Secretary Stimson The Credit  
For Success

New York, April 29.—(AP)—American delegates to the London naval conference brought back to their homeland today the naval armistice treaty, the fruit of three months' conferences in the British capital.

Their return was the occasion of one of New York's typical welcomes to distinguished persons—a trip up the bay from Quarantine on the city's welcoming tug Macom, a parade up lower Broadway and a formal ceremony at city hall.

The city's welcoming committee, headed by Police Commissioner Grover Whalen, met the liner Leviathan at Quarantine. And after a brief conference the delegates went aboard the city's tug for the trip to the battery in the warm sunshine.

The parade up Broadway began a few minutes after the delegates set foot on American soil. At city hall they were greeted by Joseph V. McKee, acting mayor in the absence of Mayor James J. Walker, who is ill, and responses were made by Secretary Stimson and Senator Robinson. Half an hour after the ceremony began, the delegates, with the exception of Ambassador Morrow who went to his home in New Jersey, and Senator Reed, who lingered abroad, were aboard a special train to Washington.

Secretary Stimson expressed himself as highly pleased with the results of the conference.

"As to the treaty," he said, "I am very pleased, when I look back on the close shaves in the middle of the conference, I can say I am very well pleased."

Asked as to the future effect of the treaty on the naval program of the world he said:

"In all questions of disarmament international relations play a most important part, you cannot accomplish disarmament by a single act. It is necessarily a process requiring successive steps and a considerable amount of time. It is evolutionary rather than a single act."

None of the delegates would make any formal statement excepting Ambassador Morrow who said:

"It is a good treaty, a good treaty for the United States, a good forward in the movement for world peace."

Secretary Stimson is entitled to

## WARE RESIGNS AS SECRETARY OF LOCAL "Y"

RESIGNATION WILL TAKE EFFECT ABOUT THE FIRST OF JULY

## SEEKS LARGER FIELD

Guy F. Ware Has Been Active In  
Community Affairs As  
Well As "Y" Leader

Guy F. Ware, secretary of the Kankakee Young Men's Christian Association for the past five years, has resigned, his resignation to take effect about July first.

James A. Ennis, president of the Board of Directors of the local association, stated this morning that Mr. Ware's exceptional ability and capacity for responsibility necessitated the placing of him by the state association in a larger field where the monetary reward would be more in proportion to his worth and successes. The limited finances of the Kankakee Y, Mr. Ennis stated, is incapable of paying the present secretary what he deserves and is entitled to.

To date, Mr. Ware has received several flattering offers from larger Y. M. C. A. organizations, and in business enterprises, but has not yet made a definite decision.

"Mr. Ware has been with us five years as a secretary," continued Mr. Ennis, "and we find now that the program of the Y, the finances of the association, and the physical condition of the building and equipment are all in much better condition than when he came here."

"We have succeeded in paying off \$2,000 of our indebtedness—not so much as we would have liked to—but that is not Mr. Ware's fault. We have had the building re-decorated, new rugs and beds placed in each room of the dormitory, a new vacuum cleaner attachment provided for the swimming pool and the filter system repaired so that it is now in perfect running condition. New shower rooms have been installed and paid for."

With Mr. Ware's resignation, the Y will not only lose one of the best secretaries it has ever had, but the community will lose a man who has been active in almost every civic project. He has been a member of the American Legion since the World War, and has been especially active in the affairs of the local post.

He is a member of the Board of Directors of the Legion, member of the membership committee, member of the Boy Scout committee, is district chairman in athletics of the American Legion, and was especially active last year in promoting the American Legion Junior Baseball League in Kankakee and in other communities of the district. He is a member of the Masonic order, is patriotic instructor of the Sons of Union War Veterans, and is secretary and treasurer of the Ministerial Alliance. Hardly a community program has been launched in Kankakee without Ware's cooperation and active assistance.

He has been a true friend and in many cases an adviser to those who reside in the Y. M. C. A. dormitory, and has the respect and admiration of every boy or man who takes part or benefits by the Y program.

"The Y program will continue just as it has," said Mr. Ennis, "and by the time that Mr. Ware leaves, we hope to have an experienced secretary who will take hold of the reins so that the activities will continue without a hitch. Mr. Ware intends to remain with us and give his assistance to the new man to the last possible moment."

Mr. Ware has been in Y. M. C. A. work for the past 18 years, entering into that work in 1912. With the exception of 32 months in the service in the engineering corps, part of which time he spent overseas, he has continued in that work ever since.

## Beauty And The Beast; The Average Secretary Bit Too Good Looking

Long before the term flapper was coined, little girls looking for careers were warned of the perils of the business world. Beauty and the Beast came to a sort of household phrase meant to warn wandering daughters of the by-paths that led from business careers in busy offices.

But today the average woman employee hasn't as much to fear from the men in her firm as the executives' wives have to fear from the secretaries. This is the opinion of Faith Baldwin, well-known author, who claims that Beauty is the Business Beast today and that the girls who were warned of the evils of the world in 1910 are the aggressors of 1930.

"If there were less beauty in offices, there would be more happiness in homes," Miss Baldwin declares.

"The average secretary is too good looking. I don't want to be quoted as saying executives pick their secretaries for looks alone but I do say that a girl with business ability and feminine good looks in an office is a menace to the pretty frivolous little wife waiting at home."

"It seems to me that Beauty is the Business Beast these days and until there are fewer 'office wives' I am sure the divorce ratio will continue to increase," Miss Baldwin concluded.

"The Office Wife," Faith Baldwin's great new serial which will appear in the Daily Republican beginning Tuesday, May 6th is a frank treatment of the problem that has entered thousands of American homes—and offices. Don't miss this thrilling novel that has caused a tumult of discussion from coast to coast. Begin "The Office Wife" May 6 in the Daily Republican.

## HOPKINS PARK BOY REQUESTS PAROLE

Leslie Denton, colored, of Hopkins Park, has filed a request for parole from the Pontiac reformatory where he was sent on Jan. 24, 1928. He was arrested Jan. 9, 1928 charged with burglary and larceny. He was then 17 years of age.

Denton with his brother, Wesley, and another colored youth, Gerald Latty, pled guilty to breaking into a garage near Hopkins Park and stealing a Nash sedan. They later robbed two gasoline filling stations.

## COURT DENIES NEW TRIAL IN BELLEAU CASE

VERDICT OF \$2,500 IN FAVOR OF PAUL TABERKA IS SUSTAINED

## WAS INSANE PATIENT

Hearing This Afternoon On Motion For New Trial In Wulff-Vorhees Suit

Circuit Judge A. W. DeSelm today denied a motion for a new trial brought by attorneys for Frank Belleau, Belleau, at the January term of court, was found guilty of appropriating a \$1,000 Liberty bond owned by Paul Taberka, an insane patient of the Kankakee State hospital, and of employing Taberka as a laborer for five years without paying him any wages.

The jury returned a verdict awarding Taberka \$2,500 plus interest. The court told Belleau's attorneys that the trial was a fair one and that the jury acted very charitably toward Belleau and that he should be satisfied with the verdict.

Belleau had taken Taberka from the hospital to his farm near Bourbonnais, which later gained fame as the place in which 10-year-old Billy Ranieri was held captive for 13 days by Andrew Cappellano after he had been kidnapped from his home in Chicago.

Taberka charged that Belleau treated him miserably and held him a virtual prisoner in the basement of the house and that he was not properly fed and clothed. Belleau countered with charges of moral perversion against Taberka.

Taberka was represented by Attorney John A. Mayhew. The suit was brought in the name of the patient's guardian, P. A. Vadeboncoeur.

A motion for a new trial was heard this afternoon in the case of Clarence Wulff against O. A. Vorhees, Bradley postmaster. Wulff obtained a verdict of \$499 at the January term of court. The suit was the result of an automobile accident. Attorney Mayhew appeared in behalf of Vorhees in requesting a new trial.

## GAISSON IS FOUND INNOCENT OF THEFT

Stanley Gaisson, Manteno, arrested last week charged with the larceny of several articles from the farm of Alphonse Cyrler, was discharged as not guilty when arraigned before Justice C. H. Edison this morning. Cyrler was unable to prove that any articles missing from his farm were taken by Gaisson who was employed as a hired man.

Justice Edison was slated to hear evidence this afternoon in the cases of the three men brought back by Sheriff Hoennicke from Golden, Colorado. The trio, Henry Freitag, Sam and Earl Auxier, are accused of robbing the Perry Murray grocery store near Mokena the night of April 13.

## ANNOUNCEMENTS EXPECTED FOR 18 HOLE LINKS

Definite announcements regarding the proposed new eighteen hole golf course to be constructed on the Danforth and Barr farm lands on each side of state highway number 40, just north of the Mound Grove cemetery, are expected to be made in the very near future. Local promoters interested in the enterprise, assisted by capital from out of town, are expected to make the official announcements.

The site of the proposed new course is said to be ideal, with many natural hazards provided by the waters of Soldier Creek, and with well drained land adapted to the construction of bunkers and greens. It is said that the course will be open to the public. It will be known as the "Fairview Golf Course."

Four other employees, disgusted with present working conditions at the hospital, are reported to have resigned.

DeSelm Also Upholds Judgment In Case Of Daniel Vs. Wilson Today

The suit for a decree of separate maintenance brought by Mrs. Margaret Kelting, 64, against her 77-year-old husband, William, was decided by Judge A. W. DeSelm in circuit court this morning. The court held that while the Keltings did not "live along," there was no evidence of cruelty or other act to merit the granting of the wife's bill which was contested by Kelting.

Among the witnesses called in the case other than Mr. and Mrs. Kelting were Bertha Schultz, Mrs. Bertha Schroeder, William Frieland and Roger M. Brown. Attorney John A. Mayhew represented Mrs. Kelting.

The court also dismissed the request for a temporary injunction to restrain Kelting from selling or otherwise disposing of any of his property.

The couple were married May 23, 1923, at Papineau and separated on Sept. 18, 1928. Kelting admitted leaving his wife and taking a trip to California because of his health. He said that his wife refused to accompany him on the trip as she preferred to remain in Kankakee to be near her children by a former marriage. The husband stated that he was compelled to go to California because of the suffering which he endured in this climate each winter when he was troubled with bronchitis. His attorney contended that it was the duty of the wife to follow her husband and that he did not desert her and was not cruel in making the trip upon a physician's order.

In the case of Mrs. Lillian Daniel vs. Harold Wilson for a judgment as the result of an automobile accident, the court awarded a verdict of \$126.21 to the plaintiff. Wilson's counter suit was dismissed for no cause of action. Mrs. Daniel was represented by Attorney Charles W. Kurtz.

Seven Men, Condemned To Death Freed From Cells By Revolvers

**BULLETIN**  
Columbus, O., April 28.—(AP)—Seven men condemned to death who were confined in the White City death house of Ohio penitentiary, were freed from their cells last night by revolting convicts. It became known this afternoon. Three of those awaiting execution were recaptured today, after guards had fired into the White City. Four others were being sought in the cell block.

Those captured are Robert Evans, Hamilton county, negro; James Lital, Athens county and Roy Brown, negro, Franklin county. Lital, under sentence to die May 2, for the murder of Harry Green, told guards that the rebels had torn down the doors of death row to release them. Evans was convicted of killing Louis Robinson in Cincinnati last year and Brown was under sentence for the death of Emmet Wilson of Columbus.

After their capture, they were taken to the Columbus City prison for safe keeping.

Columbus, O., April 29.—(AP)—Open mutiny by scores of Ohio penitentiary convicts today forced prison guards and national guardsmen to fire on a mob of prisoners who stormed the guard house in a mass attempt to escape. Two convicts fell before the bullets of the guards, one being wounded seriously.

The convicts, since the fire when 330 prisoners were killed, had "passively" resisted attempts to control them, but today they dropped their passive attitude and mutinied.

The two wounded convicts were George Tonoff and Jewell Joffa. They were serving terms for larceny. Tonoff is not expected to live. Joffa was wounded in the leg.

Only a short time before Governor Cooper had announced that order at the prison must be restored. When the mutiny provoked firing Col. R. S. Haurich, charge of the national guard troops, was placed in command of the situation within the walls. The Governor issued orders that martial law was not necessary but that the military would cooperate with Warden P. E. Thomas in restoring order.

The situation quieted as quickly as it had flared up, and within an hour after the shooting started the two wounded had been sent to the hospital and the revolters were in their cells.

Columbus, O., April 29.—(AP)—Governor Myers V. Cooper today issued an order to Warden Preston E. Thomas, in charge of the Ohio penitentiary, that order must be restored immediately.

The governor in his order which went to the warden a short time after the shooting began, said that the civil authority of the warden would be backed up by the Ohio national guard.

At the same time the order was sent to the warden, Adjutant General A. W. Reynolds, in charge of the national guard, was ordered to proceed to assist the warden in restoring order.

The governor's order said in part: "The governor feels that sufficient consideration has been shown for the extraordinary conditions resulting from the fire and loss of life and the time has now come when the regular routine of the institution must be re-established."

Columbus, O., April 29.—(AP)—Revolting convicts in the white city or idle house at Ohio penitentiary, some of the disastrous fire, were fired upon today by prison guards.

### Believe There Is Still Time For Enactment Of Enforcement Measures

Washington, April 29.—(AP)—Republican Congressional leaders believe there is still time left for the enactment of the five law measures asked by President Hoover in his special message to the National Legislature.

For the present they are caught behind the tariff and the controversy over the nomination of John J. Parker, as an associate justice of the supreme court. It took more than a week to get the House to pass the five law measures. The question of Federal Court jurisdiction cannot be foretold, but the majority spokesmen believe proposals sponsored by the President.

The five which he stressed in his message of yesterday were the transfer of the prohibition unit from the treasury to the justice department, the relief of court congestion, the extension of Federal prison facilities; the consolidation of the border patrol and stricter prohibition enforcement law for the district of Columbia.

The transfer proposal has been approved by the house and is now before the senate judiciary committee.

Prison Relief bills have been passed by the house and have been approved by the Senate Judiciary Committee. They now await only the approval of the Senate before being transmitted to the White House.

### HOMES OF MINERS DYNAMITED EARLY TODAY IN KENTUCKY

Madisonville, Ky., April 29.—(AP)—Four strikes of dynamite and a note threatening death to County Judge D. D. Shain if he asked the grand jury to indict ten striking miners were found on the verandah of the judge's residence today.

Judge Shain had ordered the ten miners held under bond on charges of handling and confederating after a minor disturbance at Nortonville near here, where two miners' homes were dynamited this morning.

The package containing the note and dynamite also contained a rifle cartridge and a shot gun shell. The note was printed by hand and signed "The Bloody Williamson County, Ill." It read as follows:

"Judge Shain, you thoroughly understand the dirty deal you gave the ten striking miners of Nortonville as you held them under bonds as they are not guilty. We do hereby warn you if the grand jury should indict any one of those boys, damn your crooked soul you will find out."

Previously the homes of Bailey Keith, White, and Clyde Bass, negro, both miners, were dynamited. Keith and his wife were not at home when the blast occurred. Bass' home was owned by the Norton Coal Company, which employs both men.

Several minor disorders have occurred in the western Kentucky coal fields recently. Approximately 400 miners are out of work because of independent strikes and shutdowns. The strikers are asking a return to the 1917 basic wage scale of \$5 a day, claiming they are receiving only \$4. Better working conditions are sought also.

### BODIES OF TWO WOMEN CREMATED

Laurens, Cal., April 29.—(AP)—Morley White, attorney for the estate of Adele Ritchie, former stage star, and Mrs. Doris Murray Palmer, found shot to death last Thursday here, announced today that they would release official demands for letters and diaries of the two women, wanted in connection with a renewed investigation into their deaths.

"These letters are part of the estates of the two women," White said, "and as such have no part in my inquiry. The case has been closed, I believe, by the verdict of the coroner's jury of murder and suicide. I see no cause for further investigation."

The investigation was reopened by Orange County authorities after White announced receipt of a letter written to him by Miss Ritchie, which, he said, indicated a "suicide pact." Sheriff Jernigan, however, said he did not believe Mrs. Palmer had agreed to a double suicide as evidence found at the scene of the tragedy indicated she was attempting to escape when she was shot in the back by the former actress.

Friends of the women voiced the belief that the murder and suicide theory told the entire story of the killing. They believe that Miss Ritchie, who was the divorced wife of Guy Bates Post, noted actor, shot her friend in a jealous rage, and then turned the gun on herself.

They said that Mrs. Palmer's tendency to social promiscuity in the beach community, and Mrs. Ritchie's apparently wanting popularity,

### OHIO'S DESPERADOES URGE ORDER IN PRISON

One of the most amazing sights on the prison floor at Columbus has been the attitude of Company K, composed of the penitentiary "bad boys," who are housed in tiny cells and permitted none of the privileges which other prisoners enjoy. It has been this group which has urged its fellow inmates to refrain from violence and help to restore order within the walls. This exclusive photo, taken within one of the cells, shows, standing, Frank Meyers, of Lucas county, serving burglary sentence; seated, left to right, Jack Young, serving life for murder, from Washington county; Pat McDermott, serving life from Canton, for the murder of Don Mellett, newspaper publisher, and Harold Nierengarten, serving life for murder from Auglaize county. These desperadoes have been instrumental in preserving order.

### MANY STILLS WERE SEIZED IN MARCH

Washington, April 29.—(AP)—Prohibition Commissioner Doran announced today that during March 1947 stills had been seized by prohibition agents and a total of 5,890 prohibition arrests made.

The commissioner said 38 stills operating on molasses had been captured and 436 gallons of mash taken; 263 cane and beet sugar stills in which 975,978 gallons of mash were seized; 136 stills operating on corn sugar with 233,195 pounds of corn sugar; 608 stills with 1,400,408 gallons of corn sugar mash; 110 stills operating on molasses and other grain mash in which 24,790 gallons of the mixture were seized.

In listing the number of stills there was some duplication, as some of them were found to be operating on more than one of the various bases were listed under both. At the same time Commissioner Doran announced that W. J. Calhoun will resign as prohibition administrator for New Jersey today.

The Wright Associates, special agent at Detroit, would be detailed as administrator in New Jersey until July 1.

Doran and Calhoun were resigning to enter private business. The detailing of A. J. to handle the New Jersey situation only until July 1 indicated that the treasury expects the prohibition enforcement problem to be solved by the end of the year.

### PHOTOGRAPHS OF ECLIPSE AVAILABLE

San Francisco, April 29.—(AP)—Photographs of a celestial phenomenon, the eclipse of the sun by the moon, were available to the public today, thanks to a roaring wind which at the critical moment swept aside a black cloud which had obscured the view.

The black cloud, apparently formed by mist in the foggy air, started to clear away when a strong wind, blowing from the north, swept the clouds away and soon the sun, the moon, and the stars were visible. The eclipse was seen by thousands of people who gathered on the beach to watch the phenomenon.

The Ruth Circle will meet with Mrs. Alice Dermott Wednesday.

The afternoon will be spent in the quiet which is to be donated to the Oleaner Memorial home.

Andrew P. Peterson, a former resident of Custer Park, died at his home in Chicago Saturday, April 19 of blood poisoning. He was born in LaPorte, Ind. May 8, 1862. He was married to Miss Ruth Moore Nov. 17, 1928. He leaves to mourn his passing, his wife, an infant son, Papeau, a brother and six sisters. His mother and an infant brother preceded him in death. He was a member of the Custer Park Oleaner. Funeral services were held in the Community church Tuesday afternoon with the Rev. Robert Benton officiating. Mrs. Ade Anderson, Mrs. Merle Randolph and Mr. Leroy Berenda sang "Somebody We'll Understand." "God Will Take Care of You" and "The Old Rugged Cross." They were accompanied by Mrs. Alice Larson, Palmyra; Mrs. Theodore Stewart, in Canton; Mrs. Edward French, John and William Simms and Robert Buz. Burial was in Custer Park cemetery with the Oleaner service as the grave. The many beautiful floral offerings and one of the largest funerals ever held in Custer Park were silent testimonies of the love and esteem given Mr. Peterson. A host of friends and relatives attended the funeral and sympathy to the bereaved widow.

### TRANSPORTATION LINES PREPARE FOR VACATIONISTS

Chicago, April 29.—(AP)—Railroads, bus lines and bus companies of the middle west have completed plans for handling a record number of vacationists this summer.

Millions of dollars will be spent, millions of miles will be covered, and millions of persons will participate in annual pilgrimages from cities to lakes, woods and countryside. Some of the vacation-line agencies of Chicago would attempt to estimate how many persons or how much money would be involved, but they said it was impossible to do so. Transportation companies, predicted that the season, starting this week and running into September, would exceed any previous one.

The vacation frontier has moved farther and farther from the cities each year. The popularity of the motorcar was given as a primary cause, but railroads and bus companies also have become beneficiaries of the city family's urge for a vacation.

Those who would have ventured only to the nearby lakes of Michigan and Wisconsin a few years ago are now showing interest in the Pacific Northwest and Canada, the parks of the Rocky Mountain country and to the northwest, traffic executives said today.

The less experienced travelers, railroad men declared, have shown a preference for the motorcar and the expense trip. The railroad companies that touring parties are making reservations for trips to the Pacific Northwest and Canada, much larger numbers than last year.

### Jealousy over social position is believed to have caused Adele Ritchie (left), retired stage star and divorced wife of Guy Bates Post, noted actor, to shoot and kill Mrs. Doris Murray Palmer, artist and society woman, and then commit suicide. Their bodies were found in Mrs. Palmer's bungalow at Laguna Beach, Cal.

### PLAYING THE FIRST STRAIGHT DRAMATIC PART

Luna—"The Case of Sergeant Grischka"

Pictures like "The Case of Sergeant Grischka" do more than to make people aware of nations that all the essays, lectures and Pacific postcard sent through the national park of the Rocky Mountain country and to the northwest, traffic executives said today.

Adierka relieves GAS and sour stomach in TEN minutes. Acts on stomach in lower bowel, removing old poisons you never knew were there. ### British See Danger To The Peace Of Far East

Bombay, India, April 29.—(AP)—Orthodox Hindus and "untouchables" clashed before the temple at Nashik Sunday. The untouchables engaged in a demonstration against the higher caste Hindus, finally drawing from them a bombardment of stones and dirty water.

There have been several reports of similar clashes in other villages. It is said that many untouchables are determined to embrace Mohammedanism in the hope of securing relief from high caste Hindu oppression. A considerable effort has been made to have Mahatma Gandhi and the all-India National Congress promise an improvement in their condition.

### PLANE HASTENS MAIL TO SHORE FROM THE BREMEN

New York, April 29.—(AP)—An airplane catapulted from the North German Lloyd Bremen 30 miles at sea landed four bags of mail today approximately 12 hours before the ship was due to dock.

The plane, returning ship to shore air mail service from the liner inaugurated last year, alighted in the harbor three and one-half hours after it left the deck of the ship. It taxied to the end of the North German Lloyd pier and in five minutes the mail bags, containing about 1,000 letters and postcards, were on the way in a taxicab to the Brooklyn postoffice.

### British See Danger To The Peace Of Far East

Bombay, India, April 29.—(AP)—Two Pathans were killed and five seriously injured today near Nashik in a fierce encounter between a band of seven Pathans and villagers from Nangarn.

The villagers turned out in large numbers when the alarm of "Pathan" was raised. The Pathans who are Afghan Hillmen, were armed with knives and spears. The encounter resulted in the death of two Pathans and the wounding of five others.
